PROPOSTA
PROVA D'ANGLÉS PER A L'ACCÉS A CICLES FORMATIUS DE GRAU MITJÀ

My name is Hannah. I am fifty-five. I am divorced and I've got three children. I live in York now with my children, but we lived in London two years ago. We don't have a very big house but it is in the city centre near the supermarket and opposite to the bank.
There are four bedrooms in my house, the kitchen, and two bathrooms.There is a small garden at the back, too. I like dancing and watching films. Yesterday I went to see the last film by Robert de Niro.

I am Jason, Hannah's oldest son, I am very extrovert and friendly, I am studying at the University. I am very tall with blue eyes like my father. I usually wear casual clothes, jeans and T-shirts.
My favourite hobby is playing basketball and I play every weekend. We have a competition once a month in the Sports Pavillion.
I also like cooking. I can do many things like cakes, biscuits, roast chicken and my speciallity fish and chips. I am making a cake for my sister's birthday now.
Generally we don't eat cakes. We have very healthy food, but today we are going to a restaurant because it is a celebration. (200 words)

Read the instructions for each question carefully before answering. (Lee las instrucciones para cada pregunta con atención antes de contestar)

(Total score:10 points)
