1. Read the text. (Lee el texto)

The History of Flight

Many years ago, people wanted to fly. In 1783, the French Montgolfier brothers put a duck, rooster and sheep in a basket and tied the basket to a hot air balloon. The basket went up into the sky for a few minutes.

In 1903, the Wright Brothers from the USA built the first aeroplane. The first flight was twelve seconds long. In 1927, Charles Lindbergh flew alone from New York to Paris, He was the first pilot to do this.

1957 was the start of «the space age». In this year, the Russians sent the first satellite into space. In 1969, the American astronaut Neil Armstrong was the first man to walk on the moon.

2. Write the correct year according to the text above (escribe el año correcto según el texto de arriba): (0.4 points each)

- a. The Russians sent the first satellite into space**1957**.....
